LEADERSHIP IN ACTION

TUESDAY 20TH NOVEMBER 2018

Keogh Ryan Tierney and Timoney Leadership Institute invite you to join Joe Osborne, MD of Godolphin Ireland and Paddy O'Hagan, Director and COO of Neueda for a breakfast discussion on the leadership challenges that face us in a complex business environment.

Joe Osborne is Managing Director of Godolphin Ireland: a thoroughbred horse breeding company with five studs in Kildare, two in Tipperary and one in Meath. The total Irish operation comprises 4,500 acres and 245 employees. It is also part of a global group of companies.

Joe grew up in County Kildare and most of his life has been focused on horse racing – that includes twelve years studying and working in the USA.

Paddy O'Hagan, with over 20 years' IT software delivery expertise, is responsible for Neueda's day-to-day operations including building its talent pool, on-going delivery to its global client base and striving for operational excellence as Neueda scales.

Since 2012, Paddy has been instrumental in growing Neueda's revenues organically at 35% per year while maintaining and enhancing the company culture. Neueda has ambitious plans and is well positioned to continue this tremendous growth trajectory.
