Leading and Learning with Designing Talent

Learning is one of the most important leadership skills and success factors for companies and organisations of all branches.

In two 120-minute sessions, professor and entrepreneur Matthias Ehrhardt will introduce “Designing Talent,” a state-of-the-art leadership, learning and talent development framework based on Design Thinking.

Find out how to foster an entrepreneurial mindset, build on your strengths, solve all kinds of challenges on individual, team and company levels with the ACE process and Designing Talent tools. Join three great sessions and get maximum value to enhance your leadership.

- Friday 29th January, 2021, 2pm**
Seeing learning opportunities, solving challenges
Introduction to the Designing Talent Framework and ACE Process
- Friday 5th February, 2021, 2pm**
Breakout Group (30-40mins)
- Friday 12th February 2021, 2pm**
Explore and build on your strengths
Learning is a team sport

Reboot your leadership

HANDS-ON WORKSHOPS

Join 2 workshops that include tools, templates, assessments, evaluations, and prompts for direct use in your organisation.

CUSTOMIZED

You will be able to show your people how to effectively solve problems and develop themselves and others by using the ACE process, essential insights, and key developmental skills.

Engaging workshops to ignite creative brainstorming, think outside the box, and find the best solutions for your challenges.

ENGAGING

Transform yourself to be an expert user in the latest techniques and talent development practices.

STATE OF THE ART

SUSTAINABLE

Help your organisation develop a corporate core competency to bring out the very best in their teams.

BOTTOM LINE

Help your organisation and clients to develop their talent and fix their workplace problems with engagement and commitment.
